System Test Report

4th December 2022

Foreword

All testing for this application was done in the Firefox web browser to keep our tests consistent with one another. In our experience, most features that function in Firefox will function properly in Chrome, but not the other way around, so testing in this manner was a safer bet for verifying robust functionality.

The words “drill” and “event” will be used interchangeably in this document.

Table of Contents

- [Certification](#)

1. Auth - Endpoint redirects to authentication

1.1. Description

- 1.1.1. Attempt to connect to endpoint URL, connection is redirected to Cognito authentication endpoint.

1.2. Valid inputs

- 1.2.1. Connect to <http://localhost:8080/>

1.3. Invalid inputs

- 1.3.1. Not applicable

1.4. Tester Name

- 1.4.1. Amrin Sandhar

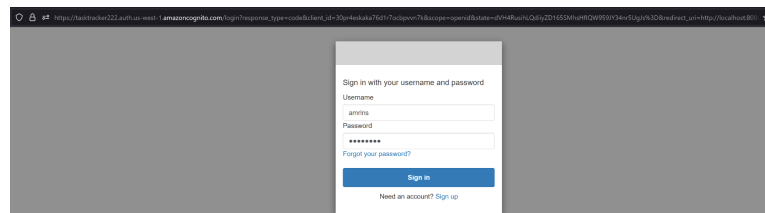

1.5. Date Tested

- 1.5.1. 12/04/22

1.6. Results

1.6.1. Passed!

1.6.2.

2. Auth - Authentication endpoint redirects to application

2.1. Description

2.1.1. Submit credentials in Cognito authentication endpoint and verify that user is redirected to application.

2.2. Valid inputs

2.2.1. Enter valid user credentials

2.3. Invalid inputs

2.3.1. Enter invalid user credentials

2.4. Tester Name

2.4.1. Amrin Sandhar

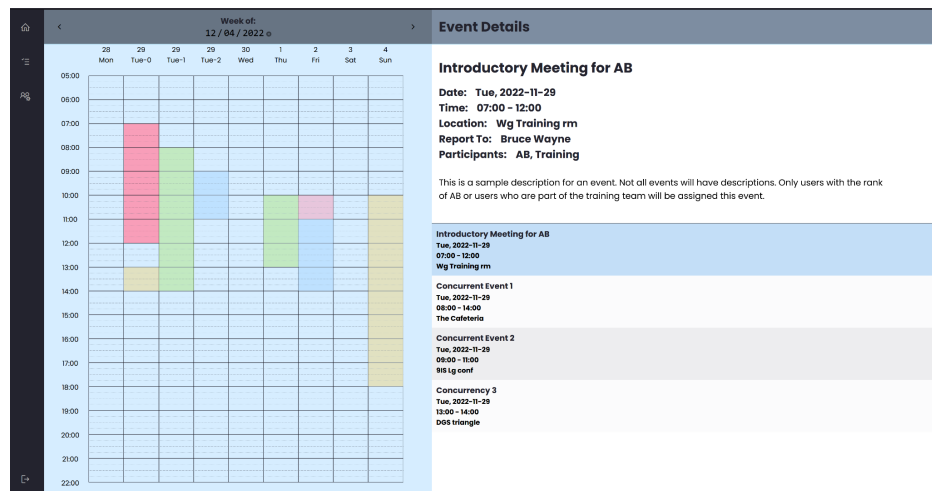

2.5. Date Tested

2.5.1. 12/04/22

2.6. Results

2.6.1. Passed!

2.6.2.

2.6.3.

3. Auth - Logout redirects to sign-in portal

3.1. Description

- 3.1.1. When a user logs out, they should be redirected to the sign-in portal.
Attempting to connect to any endpoints should also redirect to the sign-in portal.

3.2. Valid inputs

3.2.1. Log out

3.3. Invalid inputs

3.3.1. Attempt to connect to any endpoints after logout

3.4. Tester Name

3.4.1. Visoth Cheam

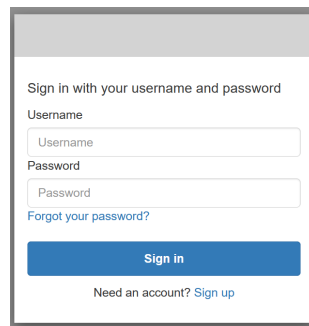

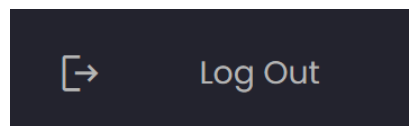

3.5. Date Tested

3.5.1. 12/04/22

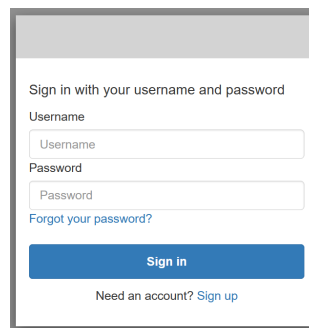

3.6. Results

3.6.1. Passed!

3.6.2. Logged out and returned to sign-in portal

3.6.3. Attempted to connect to an endpoint (/drill-schedule-recipient) after logout, redirected to sign-in portal

4. Registration - All required fields must be populated to submit

4.1. Description

- 4.1.1. Every field with a red asterisk is required and must be populated in order for submission to function. Iterate through each required field to ensure it is checked upon submission for validity. Emails must be valid format.

4.2. Valid inputs

- 4.2.1. All inputs are populated
- 4.2.2. Emails are valid format

4.3. Invalid inputs

- 4.3.1. Required inputs are not populated
- 4.3.2. Emails are invalid format (see 5.6.5 / 5.6.7)

4.4. Tester Name

- 4.4.1. Visoth Cheam

4.5. Date Tested

- 4.5.1. 12/04/22

4.6. Results

4.6.1. Passed!

Register

After pressing submit - accepted!

**Your account is pending
approval.**

Your organization must approve your registration before you will be able to access this application.

5. Registration - Pending users have no access

5.1. Description

5.1.1. Pending users should have no access to any of the application endpoints if their account has not been approved yet. Pending users will never be admins, so they will only have one actual relevant endpoint for this test.

5.2. Valid inputs

5.2.1. Endpoint /drill-schedule-recipient

5.3. Invalid inputs

5.3.1. Not applicable

5.4. Tester Name

5.4.1. Visoth Cheam

5.5. Date Tested

5.5.1. 12/04/22

5.6. Results

5.6.1. Passed!

Your account is pending approval.

Your organization must approve your registration before you will be able to access this application.

5.6.2.

6. Drill Schedule - Drill selection functionality

6.1. Description

- 6.1.1. Clicking on a drill either in the calendar view or the intraday summary should update the selected drill on the calendar view, description, and intraday summary. Clicking on empty areas should result in no change.

6.2. Valid inputs

- 6.2.1. Click on existing drills

6.2.1.1. [Concurrent Event 1]

6.3. Invalid inputs

- 6.3.1. Click on nonexistent drills

6.3.1.1. [Empty areas]

6.4. Tester Name

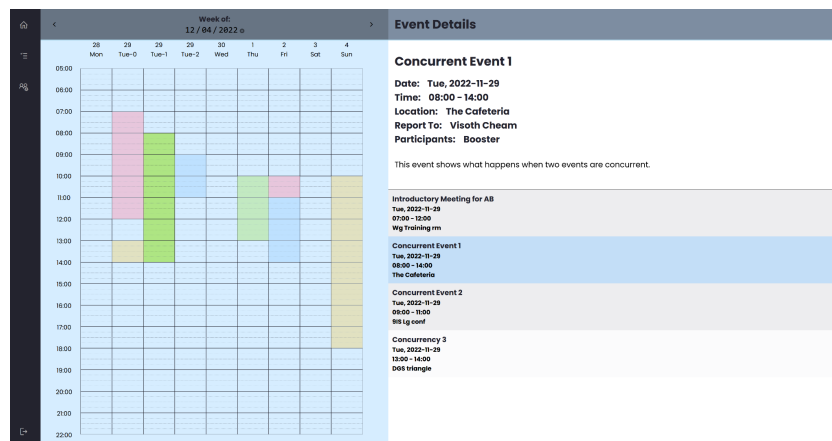

- 6.4.1. Amrin Sandhar

6.5. Date Tested

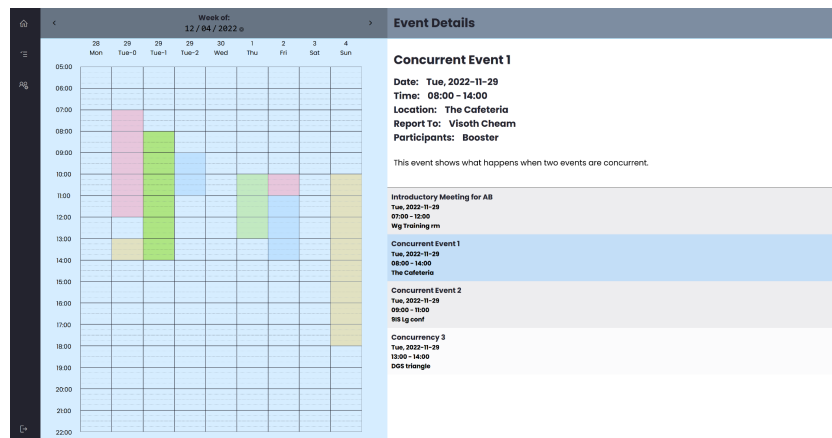

- 6.5.1. 12/04/22

6.6. Results

6.6.1. Passed!

6.6.2.

6.6.3.

7. Drill Schedule - Only show drills in which user is a participant

- 7.1. Description
 - 7.1.1. Drills should only appear on a user's drill schedule if they are either a direct participant or a member of one of the participating groups.
- 7.2. Valid inputs
 - 7.2.1. User is a direct participant of event
 - 7.2.2. User is a member of a group participating in event
- 7.3. Invalid inputs
 - 7.3.1. User is neither a direct participant nor a member of participating group
- 7.4. Tester Name
 - 7.4.1. Amrin Sandhar
- 7.5. Date Tested
 - 7.5.1. 12/04/22
- 7.6. Results
 - 7.6.1. **Passed!**
 - 7.6.2. Tester is not part of any participating groups

8. Drill Schedule + Drill Management - Week Selector Functionality

8.1. Description

8.1.1. Test week selector in both drill schedule and drill manager for the following functionality:

8.1.1.1. Right chevron advances calendar one week

8.1.1.2. Left chevron moves calendar back one week

8.1.1.3. Date picker moves calendar to week of date

8.1.1.4. Date picker 'x' button reverts calendar to present day

8.2. Valid inputs

8.2.1. Click right chevron

8.2.2. Click left chevron

8.2.3. Choose a date

8.2.4. Click 'x' button on date picker

8.3. Invalid inputs

8.3.1. Not applicable

17. User Management - Non-admins cannot access management pages

17.1. Description

17.1.1. Users without the admin attribute should not be able to access User Management and Drill Management. Icons should not appear, and manually attempting to access these endpoints should redirect to Drill Schedule.

17.2. Valid inputs

17.2.1. Endpoint /drill-schedule-recipient

17.3. Invalid inputs

17.3.1. Endpoint /drill-schedule-manager

17.3.2. Endpoint /user-manager

17.4. Tester Name

17.4.1. Noel Ian Paulite

17.5. Date Tested

17.5.1. 12/04/22

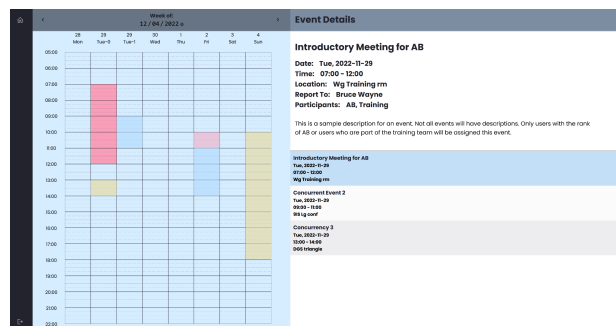

17.6. Results

17.6.1. Passed!

17.6.2. Only Drill Schedule page appears.

17.6.3. Attempting to manually access both /drill-schedule-manager and /user-manager result in redirect to drill schedule

18. User Management - Admins can access management pages

18.1. Description

18.1.1. Users with the admin attribute should be able to access User Management and Drill Management. Icons should appear in their sidebar.

18.2. Valid inputs

18.2.1. Endpoint /drill-schedule-manager

18.2.2. Endpoint /user-manager

18.3. Invalid inputs

18.3.1. None
